

ILLINOIS NEEDS NO DEFENDING

SENATOR CULLOM SAYS NO CORRUPTION IN HIS ELECTION BY LEGISLATURE.

NEVER PAID FOR VOTES

In Any of His Campaigns For Office
—When Time Comes Will Vote
on Lorimer According to
Conscience.

Washington, Feb. 8.—Not a dollar was ever used in any of his five elections to the United States senate nor in any of the other elections in which he had figured, declared Senator Cullom, of Illinois, in a speech on the floor of the senate today. He upheld the people of Illinois as being as moral as those of any other state, and said that they were quite capable of taking care of their own good name. Announcing that he took the oath only because of the reflections on himself and his state in connection with the Lorimer case, the venerable senator said he had not thought it becoming to discuss the Lorimer matter, either publicly or privately.

Never Bought Votes.
"When the time comes I shall vote according to the dictates of my conscience," he said.

"On the five different occasions when the people of Illinois signally honored me by electing me to the senate," he continued after reviewing his various political careers, "there was not even the slightest suggestion on the part of anyone of corruption in the legislature in connection with my election."

"As a candidate to the legislature, as a candidate for congress, as a candidate for governor, as a candidate for United States senator, no one was ever charged that a single dollar was used to influence any voter to vote for me, or corruptly to influence any member of the legislature to vote for me."

A Strict Party Man.

"I have always been a strict party man, and am now, and have always received the support of my party when a candidate for public office. They speak for themselves. That is all I have to say concerning myself."

Senator Cullom briefly reviewed the history of his state and then referring to the concern expressed regarding that commonwealth, he said that no senator could have greater concern over its integrity and honor than himself. He added that in his judgment the state of Illinois needed no defense.

"That corruption had existed on the part of certain members of the legislature," he said, "should not affect the honor and integrity of the whole state and besmear its fair name throughout the nation. If Illinois is to be condemned on account of corruption in its legislature, there are few of the great states in the union not subject to similar condemnation."

Not Apologize For State.

"Notwithstanding the uncalled for sympathy expressed for Illinois here in the senate, I want to say that the state will take care of itself and will unquestionably sweep away any corruption that may exist."

"I am not here to apologize for Illinois. I take great pride in representing it in this body, and I consider that its people have honored me by electing me for five successive terms to a greater degree than I would have been honored by an election to the highest office within the gift of the nation."

DE LASSY MADE STRONG DENIAL

SAYS NOT IMPLICATED IN MURDER OF COUNT VOUTERLIN—HIRED PANTCHENKO FOR CRIMINAL OPERATION.

St. Petersburg, Feb. 8.—Count O'Brien De Lassy took the witness stand today in the proceedings against him and Dr. Pantchenko for the murder of Count Vouterlin, and strenuously denied any complicity in the count's death.

In rebuttal of the evidence previously presented to show that he had paid Pantchenko money to poison Count Vouterlin, De Lassy volunteered the statement that he sought the doctor's services in a criminal operation. De Lassy gave him \$50 and promised the remainder later.

Letters concerning the transaction remained in the possession of Pantchenko and Mme. Muradoff, who began to blackmail him. He explained that his meetings with Pantchenko were occasioned either by business or blackmail.

When Pantchenko made a confession he requested that he be permitted to occupy a cell with another prisoner.

AN IMPORTANT DEMONSTRATION

AVIATOR CARRIES A MESSAGE ON MEXICAN FRONTIER—COVERED 45 MILES IN 50 MINUTES.

Washington, Feb. 8.—The feat of Harry S. Harkness, in delivering yesterday by the aerial route a message from Major McManus, commander of Fort Rosecrans, to Lieutenant Ruhlman, in charge of the American patrol on the Mexican frontier, near Tullahoma, is regarded by officials of the signal corps as an interesting demonstration of the practical use of the aeroplane in warfare.

Brigadier General Allen, chief signal officer of the army today received a telegram from G. C. Collins, president of the Aero Club of San Diego, saying the aviator covered 45 miles in 50 minutes. The matter was in the hands of Lieut. Ruhlman 25 minutes after its delivery to Harkness.

Mr. Collins said the roads between the points of travel were practically impassable because of the recent rains.

With the bursting of the boiler a rain of fragments of the engine and portions of the human bodies fell for several hundred yards. The cause of the explosion has not been determined.

WOLGAST HAS A HARD FIGHT

KNOCKOUT BROWN SEEMED TO HAVE ADVANTAGE IN MAJORITY OF ROUNDS BUT THE BOUT WAS A DRAW.

Philadelphia, Feb. 8.—Ad Wolgast, lightweight champion pugilist of the world, and Knockout Brown, of New York, fought a hard six round draw before the American Athletic Club in this city tonight.

Although the New Yorker had a slight advantage in a majority of the rounds his blows lacked steam compared with those of the champion. Wolgast seemed unable to fathom the peculiar style of Brown and the latter heavy times landed on Wolgast's head and body without a return. Wolgast tried all the tricks of the trade to reach his opponent, rushing and reaching to such an extent that he was warned by the referee on two different occasions.

Brown never fought a better battle during his career, while the showing of the champion, especially in the early rounds, was a disappointment. When Wolgast became more accustomed to Brown's style he fought in better form.

FALL OF JAUREZ IS NO NEARER

ONLY RUMORS AS TO POSITION OF OPPOSING FORCES WERE OBTAINABLE YESTERDAY, AND THOSE NOT VERIFIED.

El Paso, Feb. 8.—By way of variation it is safely predicted that Jaurez will not be attacked tonight. Whether it is called on to defend itself at all depends on whether Navarro at the head of 1000 federals from Chihuahua or Jose De La Blanco and 350 insurgents from Casas Grandes, arrives first.

A rumor reached here tonight that Navarro had met with a reverse, but it was only a rumor. Wires being cut it could not be investigated. One story was that a train on which he was traveling had been blown up and another had it that Gen. Blanco had met and defeated him.

If Navarro reaches Jaurez first it would be folly to all appearances for Orozco to attack him without reinforcements from Alamo and El Paso. Alamo camped last night 12 miles east of here on the Mexican side of the Rio Grande. Ammunition was taken across the river at this point this morning. Alamo and his men had disappeared. A search of the hills in that vicinity failed to disclose his whereabouts, but he and his men are virtually a part of Orozco's forces.

IN INTEREST OF THE NEWSPAPERS

JOHN NORRIS WILL URGE NO CHANGE IN WOOD PULP AND PAPER CLAUSE.

ENGLAND'S WRONG VIEW

Of Canada—American Treaty Subject Of Comment by Finance Minister—Canada Wants Trade.

Washington, Feb. 8.—John Norris, chairman of the paper committee of the American Newspaper Publishers' Association, will appear tomorrow before the ways and means committee of the house of representatives with facts and figures in support of the enactment without the change of a syllable of the wood pulp and paper provision of the Canadian reciprocity agreement.

Mr. Norris said emphatically that there is no truth in the published stories that these provisions admitted of doubtful interpretations. He expressed the opinion that the agreement verbatim as it stands would be ratified by the house by at least a two-thirds majority.

Mr. Norris said his statement to the committee will show the reciprocal benefits of the paper clause and insisted that he "would confound the paper makers, who are trying to nullify the treaty with opposition to the paper clause."

The reason to which the administration will use in behalf of the enactment of the treaty its "utmost efforts to bring about such changes by concurrent legislation" as promised in the agreement, was made plain today in reports brought from the White House by senators who talked with the president.

These reports left little room for doubt that should congress adjourn without having ratified the agreement the president will forthwith convene the new congress in extraordinary session to consider the matter afresh.

ENGLAND HAS WRONG VIEW.

Ottawa, Canada, Feb. 8.—Finance Minister Fielding today took steps to correct what is regarded here as erroneous impression in the minds of public men and on the part of leading journals of Great Britain regarding the Canadian-American reciprocity agreement.

It can be said the Canadian government viewed with some alarm the idea reflected by a portion of the British press that the agreement will have a detrimental effect on the trade between Canada and the mother country, and effect the preference granted to Great Britain.

Minister Fielding has taken the matter up with Lord Strathcona, Canada's high commissioner in London, and on behalf of the Canadian government has sent the following cablegram:

"Canada is seeking markets everywhere for her surplus products, subsidizing steamship lines and sending out commercial agents. Would it not be ridiculous in pursuit of such a policy to refuse to avail herself of such markets as the great nation lying along both sides affords?"

PEORIA BOARD OF TRADE

The case was adjourned until tomorrow.

Elder Ivins in an interview appearing today in a local newspaper says:

"I must say, however, that the insurgents are not unfriendly to the Mormons, but on the contrary expect to enlist them, at least as friends if not as allies."

"I think the Mexican government will never carry out its threat and compel citizens of the United States to take up arms in a fight that does not concern them."
